

# BIG BROTHER IS WATCHING

*By Corb3nik*

Challenge: Big Brother is watching

Points: 1

URL: <https://ringzer0team.com/challenges/212>

The challenge description is the following:

**EVEN GOOGLE CANNOT FIND THIS ONE**

It suggests that somehow search engines can't read the flag.

This most likely means that <http://ringzer0team.com> has implemented a *robots.txt* file which tells web crawlers not to scan certain areas.

Visiting <https://ringzer0team.com/robots.txt> shows us one *disallow* entry :

**USER-AGENT: \***

**DISALLOW: /16BFFF59F7E8343A2643BDC2EE76B2DC/**

Following the entry at:

<https://ringzer0team.com/16bfff59f7e8343a2643bdc2ee76b2dc/>

... gives us the flag.
